Changes in Liquor Act Go Into Effect Tuesday, May 1

Changes in the Liquor Act, passed at the recent session of the Alberta legislature, have been announced by R. J. Dunning, of the Liquor Control Board.

The price of annual permits for the purchase of liquor has been reduced from \$200 to 50 cents; this goes into effect on May 1. A new regulation provides for the purchase of bottled beer from hotels to be taken off the premises, the quantity not to exceed one dozen quarts or two dozen pints in one day. No permit is required for this kind of purchase, but a form is to be filled in on each occasion a purchase is made. Conditions in District for Seeding are Good

Seeding during the last week has become more general. Surface moisture conditions are good, and while there has been some soil drifting and consequent loss of surface moisture, the seed bed compares favorably with other years.

During the last week grass has been making growth and is showing a healthy green, maples are showing leaf and poplars are budding out.

Many Oyen residents who have already cleaned up their yards and gardens, are troubled with papers and tumbling weeds coming from premises not yet cleaned. With nice weather prevailing a general clean-up in the village limits is desirable in the interest of good health. Rake up and burn the accumulated rubbish on your lot, and while doing so, do not overlook the back lane.
